A Note from the Principal

Dear Parents/Guardians,

Happy Thursday! Monday, October 14 was a non-school day for students, but teachers worked a full day, and it was very productive. The morning was spent by teachers working together interpreting student assessment data and developing student growth goals for the year. They also spent time working together on professional growth goals for the school year. Each year, teachers are required to develop new student growth and professional growth goals. After lunch, Dieringer Heights Elementary kindergarten and 4th grade teachers came to LTES to meet with the LTES staff to talk about curriculum, assessment, common vocabulary, etc. It was a very productive day.

We are officially in the fall season and the temperature has been dropping. We’ve also been experiencing an increase in rain. Please be sure to send your child with appropriate clothing and footwear each day. Our lost and found is full, because kids take their coats off outside and forget about it when they come back in. Please be sure to check our lost and found when you are visiting school. We will hang the lost and found up throughout the hallway by the lunchroom so kids can look through it easily. We want to get the coats back to their original owners.

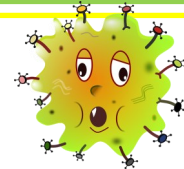

Lake Tapps—What a great place to grow!

Sincerely,

Pat Webster
Head Learner
